

# ZERO CITY

**ZERO CITY**

The all-new *electric heavy quadricycle*  
from TAZZARI [EV](#)

Since 2006 the only electric car producer in Italy.  
Pioneeristic division dedicated to the electric vehicles  
development of the Tazzari Group, founded in Imola,  
Italy in 1963.

**TAZZARI EV**  
zero emission mobility

# ZERO POLLUTION

---

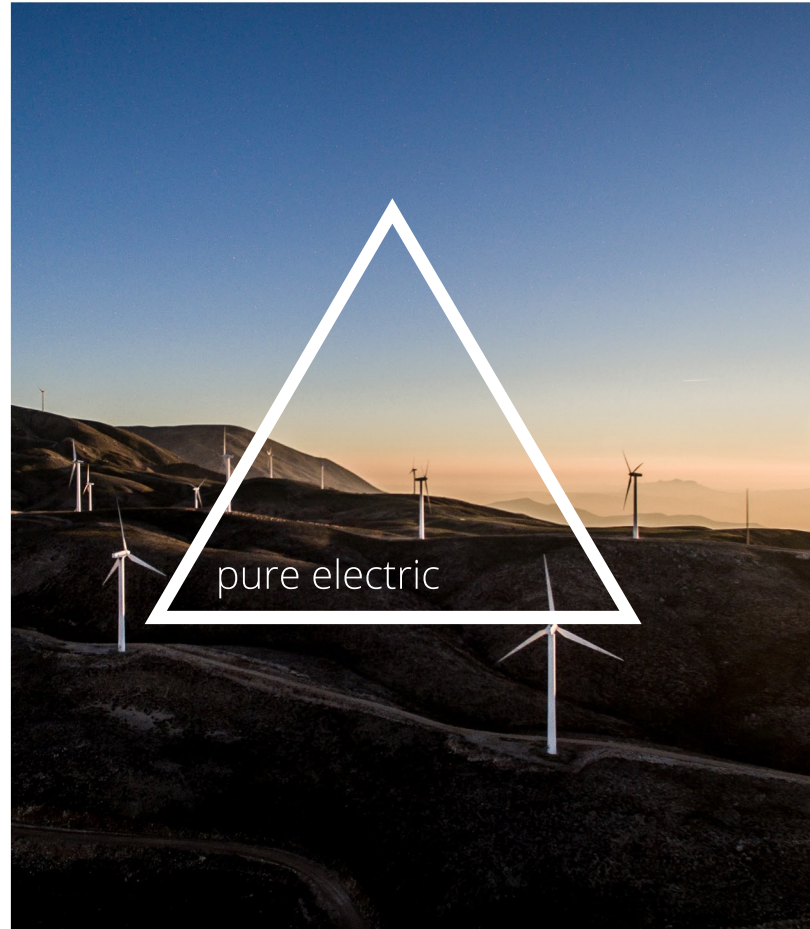

*Responsibility*

**One earth, billions of people.**  
Future is determined by choices,  
our generation can make the  
*difference.*

*Zero emission*

is our mission

From mountains to oceans it doesn't matter  
which is your destination, but *how* you reach it.  
**Enjoy the electric drive.**

zero city

GREEN  
DRIVE

# START ADVEN --- TURE

**Reset the past** driving the future.  
Restart from *Zero*, the Italian electric car.

# RANGE

## 200 km

Best  
in class

**Lightness  
and  
efficiency** are  
the key  
elements for  
electric  
mobility.

**Do you really  
need to drive  
for more than  
100 km  
every day?**  
*(think about  
that!)*

**More than six trolleys:** 445 liters, enough for a short travel from city to country. Simply perfect for each and every situation of your life.

Body type:

**SHOOTING  
BRAKE**

**8000**  
TRICOLORS

# ITALIAN DESIGN

*An iconic Design*

**Family feeling:** to innovate remaining yourself is a hard work, style matters.

# NEW DASHBOARD

Next Generation Zero

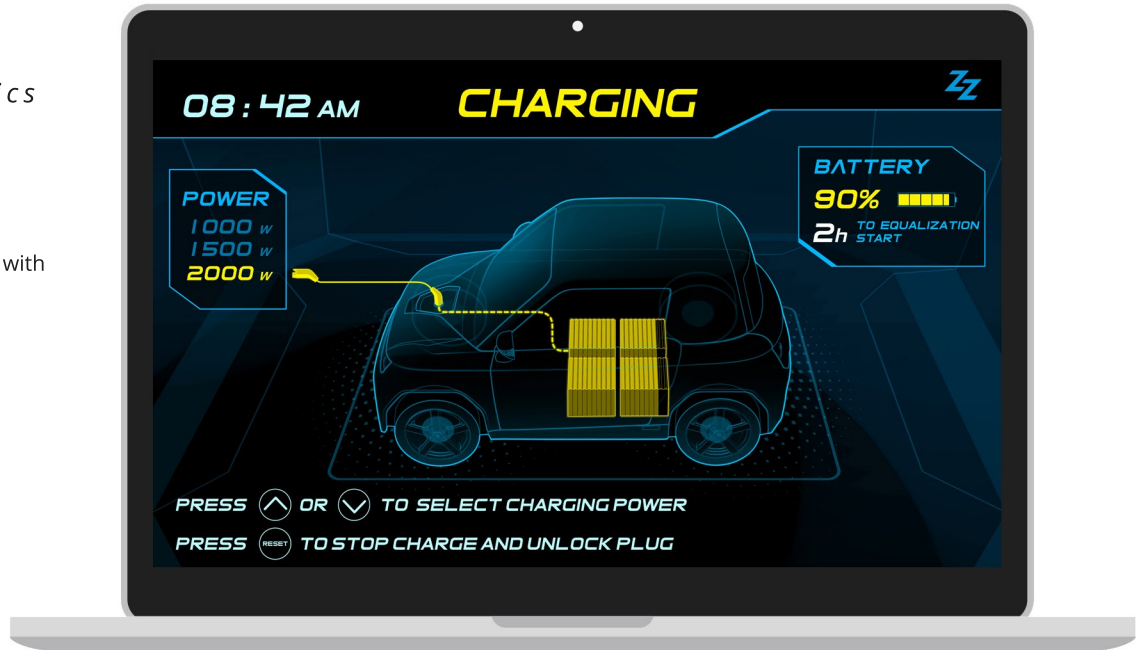

**Multi mode driving:**  
one touch to shift  
between the *four*  
souls of your Zero.

Stream your music  
and phone calls  
by Bluetooth connection  
or USB memory  
and listen to your  
favorite  
radio station on  
the new  
dashboard-integrated  
infotainment system.

# EASY CHARGE

*Easy diagnostics*

Charge at home, with regular sockets.

# SAFETY FIRST

## **High resistance**

*steel bearing frame*

Electro-powered 4 discs braking system with Kinetic Energy Recovery.

ABS available on all vehicles range

## **Zero City:**

*top of the class.*

**Italian sport cars DNA**  
Hyper light technology frame  
to combine maximum efficiency  
together with the highest  
structural resistance.

## THE CITY

**Imola**, part of motorsport's history with its famous Formula One racetrack Enzo and Dino Ferrari. In the heart of the legendary Italian Motorvalley, land of world's most beautiful supercars and motorbikes brands.

# THE GROUP

**Tazzari Group**, founded by Giorgio Tazzari in *Imola*, 1963.

*Today* the group leads in three main sectors:

Aluminum Foundries, Fine Mechanics and Electric Vehicles, from design to development and production.

# THE BRAND

**Tazzari EV:** Tazzari Group's electric vehicles division designs, develops, homologate and produces EVs by its own brand Zero and for third parties. Since 2006 the first and only Italian *electric car* producer.

# THE MAN

**Erik Tazzari**, founder of Tazzari EV and President of the Tazzari Group.  
*Visionary* and *pioneer* in the EV World with the iconic project Zero, the first electric city car powered by lithium technology produced on the market.

ZERO  
**CITY**
